W. C. HOOVER IS PRESIDENT

Experts in the Business Discuss Making of Butter, and Urge Farmers and Dairymen to Take Advantage of Present Opportunity.

[Special to The Times-Dispatch.]

CHARLOTTESVILLE, VA., March 18. of Virginia, who met here yesterday d an organization to be called the side of Jarratt's Station in Sussex Coun-Virginia State Creamerymen's Associa- ty. The cause of the accident is unand treasurer. The president appointfollowing executive committee: A. F. Howard, of Farmville, creamery natructor, State Dairy and Food Division; G. W. Holdaway, professor of dairy manufacturing, Virginia Poly-technic Institute, Blacksburg, Va., and J. S. Holdeman, of Winchester.

An invitation was extended to hold the next convention in Norfolk, but the place of meeting next year was left to he executive committee.

The second day's session of the creamerymen opened this morning with an address on butter making by Dr. C. W. Larson, professor of dairy hus-bandry at Pennsylvania State College. A discussion of the topic followed, led

facturing specialist from the Bureat of Animal Industry, Washington, George A. Smith, of the Augusta Coun-Creamery, Staunton, led in a disussion of the topic.

The ice cream business and its reinto the cream outsiness and its relation to the creamery and dairyman, was discussed by J. M. Fentross, manager of the Montauk Ice Cream Co., Norfolk, while C. L. Stahl, of the State Dairy and Food Division, spoke of the advantages and cost of refrigeration.

Signature of Mose, will go over to Richmond to morrow evening in special cars mond to morrow evening in special cars.

The banquet tendered the visitors as presided over by President Hoover. Brief addresses were made by men prominent in dairy and creamery work, among them being Professor C. W. Lar-son, of State College, Pa.; F. H. Hobbs, of Norfolk; J. S. Holdeman, of Winhester; J. M. Fentress, of Norfolk; E. M. Minick, of Timberville, and Benjanin L. Purcell, State Dairy and Food ommissioner.

In his address on buttermaking Dr. ... W. Larson, professor of dairy hus-andry in Pennsylvania State College, said that everything that goes into butter should be pasteurized. Unifrom-ity cannot be obtained without pasteu-Use from a 6 per cent to 10 per cent starter

In discussing the question of neu-tralizers, Dr. Larson stated that techit should not be allowed, but admitted that it was a question in his mind, and pointed out that the lime water used did not go into the butter, but went off with the buttermilk. At the same time the speaker stated that it was not a good practice.

churning temperature may depend somewhat upon the breed of cattle and feed they are getting. Get cream into the refrigerator as soon as possible. Butter is often injured by too high development of acidity. The demand is more and more for a sweeter butter. three-tenths acidity should be developed. Always use a strainer in straining cream into churn, and keep out particles of curd, which will make white spots in butter. Churn should not be over one-third full, and be of ight temperature. Temperature does not make so much difference just so esults are obtained. If it takes two or three hours to churn, temperature s too low; if butter comes in ten mintes, temperature is too high: if butter mes in a soft, mushy condition, tem-rature is too high. This time of year nules of butter should be about the e of wheat grain. Seventy per cent the quality of butter is made before im reaches the creamery. Give more

ention to geeting a good product in trying to make a poor protinto good butter.

I discussing the same subject, E. Timmerman, of the firm of Golden to, Washington, D. C., said that id material was imperative. Work the production end first, he said. we need good cream. Suggest to but-ermakers that the farmer be taught to keep better cows. To do that will help more than anything else. Nearly 500. 100 pounds of fat are received in on from Virginia and made into

Cargoes, and Two Are Badly Smashed Up.

CAUSE OF ACCIDENT UNKNOWN

Annual Convention of Fourth District Teachers' Association Is Opened, and Many Educators Are

[Special to The Times-Dispatch.] PETERSBURG, VA., March 18 .- Six The butter makers and creamerymen cars of a north bound fast vegetable freight train on the Atlantic Coast orning under the auspices of the State Line Railroad were derailed last even-Dairy and Food Division, to-day effect- ing at a point about three miles this

ion. Officers were elected for the en- known. Two of the cars were badly ning year as follows: W. C. Hoover, broken and damaged. Wrecking crews of Timberville, president; George A. from Richmond and Rocky Mount were rushed to the spot, and by 10 o'clock the track was clear. The passenger trains north and south bound were determined to the spot, and the track was clear. The passenger trains north and south bound were determined to the spot, and by 10 o'clock the track was clear. layed until the track was cleared. No one was hurt in the accident.

The annual banquet of the St. Pat-rick's Benevolent Society, in observance of St. Patrick's Day, was given to-night at the Chesterfield Hotel with many loyal sons of Ireland and a number of invited guests gathered at the tables. The menu was elaborate and admirably served. Toasts and speeches were many, and the occasion was one of especial enjoyment.

creamerymen opened this morning with an address on butter making by Dr. C. W. Larson, professor of dairy husbandry at Pennsylvania State College. A discussion of the topic followed, led by E. F. Timmerman, of the firm of colden & Co., of Washington.

Other speakers at the morning session were H. E. Schuknecht, of Chicago, who discussed the controlling of moisture and overrun; F. H. Hobbs, of Nortfolk, who spoke of the Norfolk marfiel, and the Virginia creameries, and Peysion Rows, of the State Dairy and Food Division, who had for his subject "Testing Cream."

MIVERANCE DISCUSSES

CREAMERY ACCOUNTING The afternoon session was opened

John C. Metcalf, of Richmond College. with an address on creamery accounting by W. B. Liverance, a dairy manuthree sessions and will hear addresses by prominent educators of the State representing the several universities and colleges. Subjects will be discussed of vital interest to teachers and

Order of Moose, will go over to Richmond to-morrow evening in special cars by rail to take part in the institution of Richmond Lodge of the order. The delegation will fill two cars, and arrangements have been made for a "redlight" parade from the station to the hail of meeting. The lights will be in charge of F. F. Wawner, of the National Fireworks, of this city. Representatives of the order will also be present at the institution. It is understood that Richmond has a large number of candidates to be initiated.

the cause of education, and the ses-sion will be of rich benefit to all who

Died in Baltimore.

Died in Baltimore.

Information has been received here of the sudden death in Baltimore, on Sunday evening, of Meyer Kadden, well known in Petershurg, and owner of considerable property here, which he came to look after only a short time ago. Mr. Kadden married Miss Bettie Robinson, daughter of the late Isaac Robinson, of this city.

The fellowship was established at the university three years ago by the trustees of the Pelps Stokes Fund.

President Alderman has been advised by Dr. H. O. Murfee, president of Marion Institute, Marion, Ala., that a University of Virginia scholarship has been established at that institution. It pays \$100 a year. Robinson, of this city.

water used did not go into the butter, but went off with the buttermilk. At the same time the speaker stated that it was not a good practice.

VIRGINIA SHOULD PRODUCE

MORE STORAGE BUTTER

Virginia should produce storage butter right here, he said. Good butter will keep a year in storage if made from pasteurized sweet cream. The churning temperature may depend somewhat upon the breed of cattle and teed they are getting. Get cream into

of the Taffy Trunk and Bag Company and stealing three suitcases, and was fined \$5 and sentenced to jail for thirty days. The case of Forest Beasly, charged with the same offense, was continued to the next term of the court. Other Commonwealth cases on the docket were put off until Monday for trial. They are mostly appeal cases from the Police Court.

Notes of Interest.

The unfavorable season of the last few days has caused a falling off of receipts of tobacco, but prices continue good and very satisfactory to the planters

planters.

The first game of baseball in this city will be played Saturday afternoon at the park by the teams of the Petersburg and Disputanta High Schools, and the game will be inspired by Heine Busch

A. L. Bradely, of Richmond, national councilor of the Daughters of Liberty, will make an official visit to the counclis of this city on the night of March 26. There will be a union meeting of the three city councils to receive

Withers Bagwell, of Matoaca Dis-trict, has announced his candidacy for the office of commissioner of revenue for the Second District of Chester-field. J. William Dance, of Ettrick, is also a candidate for the same position The Truelove Liquor Company, Inc., doing business in North Sycamore Street, has made an assignment of all its assets to Robert Gilliam, trustee, for the benefit of the creditors. The amount involved is not large.

On a telegram from Roanoke last night, Chief Ragland arrested a man named John H. Pickle, grand larceny being the charge alleged against him This afternoon Capt. Ragland received another telegram from Roanoke stat-ing that the warrant against Pickle had been withdrawn, and directing his release. He was therefore discharged.

PHELPS-STOKES FELLOWSHIP
IS UNUSUALLY ATTRACTIVE

Special to the Times-Dispatch.] CHARLOTTESVILLE, VA., March 18, that he has dired at the tables of Applications for the Phelps-Stokes wealthy people and watched their chilfellowship at the University of Virginia dren consuming diets in which there must, it was announced to-day, be in the hands of Professor Thomas W.

MEDITATIONS ON DIPLOMACY

applications. The work of the fellow-ship is done under his direction.

This fellowship is one of the most attractive at the university. It is open to young men who are now students at the University of Virginia, and to others as well. It pays \$500 a year. The holder of it must devote part of his time to a study of Southern race conditions, and he must prepare a thesis on some phase of the race problem, particularly as it affects the status of the races in the South.

CONVENTION IS CLOSED

BY VIRGINIA CANNERS [Special to The Times-Dispatch.]

March hearing several splendid addresses this afternoon and electing officers, the Virginia Canners' Association Convention came to a close. F. D. Bolton was again made president, and W. C. Smiley. graphs of General Mahone, from which to make a design for the statue, to be submitted to the Chapter of Daughters. Other designs are also to be submitted.

Ten Years for Robbery.

In the Hustings Court to-day Tim Holt, negro, indicted for highway robbery, was convicted and given a sentence of ten years in the penitentiary. On the night of February 8 W. B. Jordan, of Roanoke, started on a walk for this city to City Point to secure work. Just outside of the corporate limits he was overtaken by a negro, whom he identified as the prisoner, who knocked him down and robbed him of his sultcase and overcost. again made pre whom he identified as the prisoner, who knocked him down and robbed him of his suitcase and overcoat. The accused, testifying in his own defense, denied all knowledge of the crime.

John Belcher, white, was convicted of entering in the day time the factory of the Taffy Trunk and Bag Company and stealing three suitcases, and was R. D. Hurt, Salem; O. J. Jamison, Boones Mill; J. L. Fisher, Wirtz; S. W. Mount. No decision was reached as to the

next meeting place, but an invitation was extended by Richmond, and this will be considered by the executive committee.

CAN MAKE WAR INEVITABLE.

William H. Taft Tells Something of Power Vested in President.

CHAPEL HILL, N. C., March 18.—
Although the President of the United destroyed.

States cannot declare war, he has the REASSURING INDICATIONS power to make war inevitable, former President William H. Taft told students of the University of North Carolina, in a lecture here to-night on the power of the President.

Mr. Taft said that often it was a nice

service as a capable officer in any dustrial establishment?" he as Such a system would bring efficiency to the Post-Office Department and re-

LIMIT OF DEFENSE BONDS RAISED TO \$900,000,000

French Minister of Finance Declares Treasury Is Conquering Difficulties.

PRAISES SPIRIT OF PEOPLE

Monthly Expenditures, He Says, Now Range From \$250,000,000 to \$260,000,000, Figures Constantly Increasing Owing to Fresh Needs.

PARIS, March 18 (4:20 P. M.) .-Speaking in the Chamber of Deputies to-day on the proposal to authorize the government to raise the limit for the issue of treasury bonds from \$700,000 .-000 to \$900,000,000, Alexandre Ribot,

Minister of Finance, said: "The way in which the France have taken these bonds surpasses expectations. Great difficulties faced the French Treasury at the beginning of the war. The treasury is conquering them.

"Toward the end of last year, monthhave been from \$250,000,000 to \$260,-000,000-rather nearer the latter figures. Expenditures are increasing, owing to fresh necessities; for example, the military expedition to the Dardanelles, for which no one would reproach us. We shall have to manufacture increased quantities of war munitions, buy material and necessary Huddleston, Thaxton; J. W. Bowie, provisions, and, lastly, our expenses Roanoke; H. A. Stanley, Bedford: Will certainly will be augmented on the day Rucker, Moneta; G. C. Flora, Rocky we retake possession of the invaded we retake possession of the invaded departments."

M. Ribot sketched ironically the methods of German finance, which, he said, consisted of an "exchange of paper for paper, a process encouraged by recourse to the penal code." The chamber passed the bill increas-

ing the limit of defense bonds. "We cannot refuse help," Minister Ribot said, "to those of our fellowcountrymen whose homes have beer

OF BETTER BUSINESS "Fortunately, alongside the prospect of larger expense are reassuring indications of a restoration of the country's business. Revenues from direct question to determine just what is an act of war, and the President was condeficits are diminished, and we are to act of war, and the President was confronted with a particularly difficult
task in dealing with those countries
which are "afflicted with the disease of
revolutions."

The former President reiterated his
belief in the curtailing of the President's appointive powers. He advo-

dent's appointive powers. He advocated the appointment of postmasters under the civil service regulations. "Why should not an efficient postmaster be permitted the same continuity of the power between the carry all exports offered to the government transports, so that nothing with the carried by the government which could be handled by private shipping.

President Wilson has approved Sections and the carry all exports offered to the government transports, so that nothing will be carried by the government which carry all exports offered to the government transports, so that nothing will be carried by the government which carry all exports offered to the government transports, so that nothing will be carried by the government which carry all exports offered to the government which carry all exports offered to the government will be carried by the government which carry all exports offered to the government transports, so that nothing will be carried by the government which carry all exports offered to the government which carry all exports offered to the government will be carried by the government which carry all exports offered to the government transports, and the carry all exports offered to the government which carry all exports offered to the government which carry all exports offered to the government transports. in any in- Bank of France had supplied about retary Garrison's plan, and it will short he asked. \$200,000,000, and the country had furnished \$500,000,000. National defense bonds, M. Ribot said.

luce the central power in Washington." had yielded up to March 12 \$772,400,000.1 "If it is possible to administer wisely

regarding the Eitel Friedrich.
If the ship's captain is authorized to make repairs and begins to do so, there will be visible evidence of his intentions, though naval officers recalled to-day that the commander of the German gunboat Geier, after mak-ing extensive repairs at Honolulu, al-lowed his ship to be interned.

DEATHS IN VIRGINIA

Mrs. Sallie Foote Waller, widow of Charles I. Waller, of Mobile, Ala., died here yesterday afternoon. Funeral services will be conducted at 4:30 o'clock this afternoon from the residence of W. W. Archer, 508 East Franklin Street. Interment will be at Mobile, Ala.

During her youth Mrs. Waller was recognized as one of the belles of Richmond. As the guest of her aunt, Mrs. James Alfred Jones, she frequently visited here and formed many lasting friends. After the death of her hus-band, Mrs. Waller moved to Washing-

ton, where she lived for several years.
Last October Mrs. Waller returned
to Richmond, hoping to regain her
health, but she did not improve. She bore her illness with patience and good cheer. Her niece and adopted daughter, Mrs. Stephen Smith, of Birmingham, Ala., and her cousin, Mrs. Gardiner Tyler, of Sherwood Forest, were with her throughout her last illness.

Bovee Dodds Core. Bovee Dodds Core, formerly of Rich-mond, died Monday afternoon at Mays-ville, Ky., after a short illness of pneumonia. The funeral was held at Mays ville, and interment was made in a cemetery there.

wyn, of Richmond. Besides a widow, who was a daughter of Mr. and Mrs. Gordon Gilmore, of Maysville, Mr. Core leaves two brothers: C. Walthall Core and John T. Core, both of Richmond. He was a nephew of Mrs. Belle J. Walthall, also of Richmond. His parents were the late Mr. and Mrs. Beyen Dedde

on Sunday morning. He was in his eightieth year. Mr. Flythe passed his entire life in this county. He served during the four years of the war, and during the four years of the war, and was with Lee at Appoint X. Ho is survived by five sons: John, of New York; Clarence, of Richmond; Richard and Cary, of North Emporia, and Thomas J., of Portsmouth; and one daughter, Mrs. R. E. Emory, of Chase City. The burial service was conducted by Dr. W. W. Lear, of the

DRY SCALY TETTER **COVERED ARM**

Began on Fingers in Watery Pimples. Itched and Burned Severely. Eyes Began to Swell. Used Cuticura. Hand, Arm and Face Smooth.

R. F. D. No. 2, Moore, S. C .- "When the trouble first began my fingers were covered with fine watery pimples which itched and burned very severely.

Pinally my arm was covered and after a while my eyes

began to swell. It was very hard to find my way for a while. My hand and arm would often crack open and bleed. The more I would rub them the more they would itch. The tetter looked dry and scaly. I could not put my hands in water for if I did they would crack open and bleed, after drying.

'I was treated for quite a while but it did not do me any good. I tried all kinds of fine salves but found no relief in them. Finally someone told me to try Cuticura Soap and Ointment. I did and now all the scales are gone and my hand, arm and face are as smooth as ever. I owe all my cure to Cuticura Soap and Ointment." (Signed) Charlie Floyd, October 5, 1914.
